

Mounting Instructions

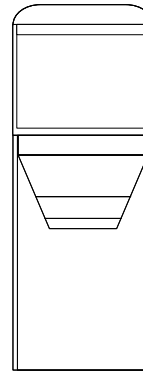

Fits
1-5/8" OD Post

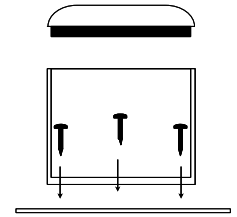

Fits
1-7/8" OD Post

Fits
2-3/8" OD Post

Fits Inside
Brock Post &
3-1/4" ID Post

Universal
Flat Surface Mount

- If your light is slightly loose on the post you may add a layer or two of tape around your post before securing it to the post with the provided set screw.
- If you have a LAKE SHORE PRODUCTS INC. dock or a 2.00" OD post NOT a 1-7/8" OD post you will need a separate fitting (not included). There is only approximately 1/8" difference in size which DOES require a separate fitting. Remember you may have both sizes if you have added new sections to your dock. Please call (260) 918-2758 for the needed fitting.

Remove Brock top cap, clear inside of Brock pipe, use pvc glue on inner portion of pipe or drill set screw hole in Brock pipe to secure.

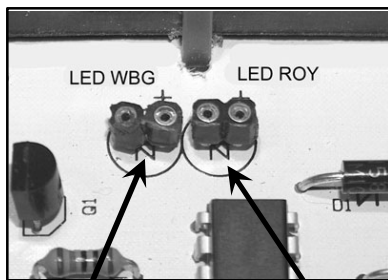

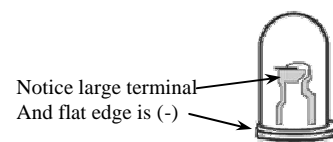

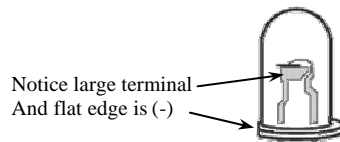

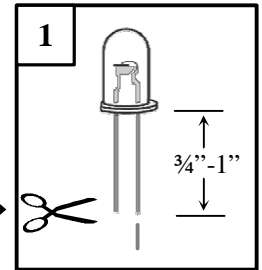

Replace inside bolts with suitable mounting screws. (mounting screws not provided)

Use appropriate screw for desired material.

Changing LED Colors & LED Installation

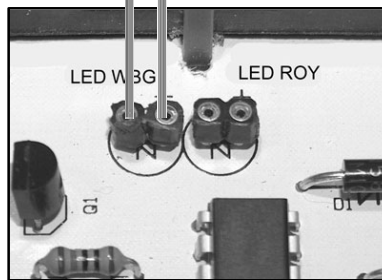

FOLLOW DIRECTIONS CAREFULLY! *Not following directions may result in damaging your LED!*

1. TRIM BOTH WIRE LEADS ON EACH LED TO AN EQUAL LENGTH. (approximately 3/4" – 1" in length)
2. Remove solar top. NOTE: circuit board has 2 separate mounting sockets for different color LED's.
3. LED socket labeled WBG is for White, Blue, and Green LED's ONLY. LED socket labeled ROY is for Red, Orange, and Yellow LED's ONLY.
4. Remove unwanted LED and insert desired LED into appropriate socket. If LED does not light; reverse LED, and place it back into the SAME SOCKET.
5. When LED illuminates, MAKE SURE IT IS IN THE APPROPRIATE COLOR LABELED SOCKET! (LED is activated by darkness)
6. If LED is in wrong socket, REMOVE QUICKLY, and place in correct socket.
7. **DOUBLE CHECK TO MAKE SURE YOUR LED IS IN THE APPROPRIATE COLOR LABELED SOCKET!!**

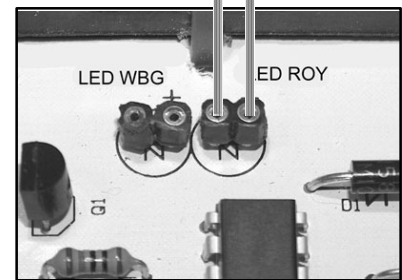

Socket set for: White,
Blue, Green LED's ONLY

Socket set for: Red,
Orange, Yellow LED's
ONLY

Placement for White, Blue, Green LED.
If LED does not illuminate you may need
to reverse and place back into same socket

OR

Placement for Red, Orange, Yellow LED.
If LED does not illuminate you may need
to reverse and place back into same socket

For more detailed instructions and information about changing LED's visit www.lakelite.com

Troubleshooting

Q: My light does not work.

1. Make sure battery is securely in place.
2. Battery connection may be loose. Make sure batteries are properly in place.
3. Your LED may not be properly installed or may have fallen out.

Q: I replaced my LED with a different color LED but it did not illuminate.

1. The battery must be charged and the LED must be properly installed in order for the LED to illuminate.
2. After installing the LED try placing the unit in a dark area. The light is activated and turned on by the dark.
3. FOLLOW INSTRUCTIONS ON FRONT CAREFULLY!
4. You may also visit www.lakelite.com for more detailed instructions.

Q: My light has a short run time.

1. Improper location. The light is powered by the sunlight, place light in direct sunlight.
2. Batteries may be dead, replace with new Ni-Cd or Ni-Mh batteries.
3. You may have accidentally placed a Red, Orange, or Yellow LED in the socket labeled LED WBG

Q: My light is very dim.

1. Make sure LED is in proper color labeled socket. Follow LED installation instructions carefully!
2. Batteries may be dead, replace with new Ni-Cd or Ni-Mh batteries.

Q: My Solar Dock Lite fits very tight or very loose on my dock post.

1. Make sure there are no abrasions on your post. If so, file or sand to clean excess paint, burrs, or abrasions.
2. Pipe sizes & tolerances vary; you may wrap you post with Duct Tape or equivalent to provide a more snug fit.
3. Secure light by tightening set bolt.
4. If you have a LAKESHORE PRODUCTS INC. dock you may need a separate fitting. Please call.

Q: I am having troubles securing my Solar Dock Lite using the universal flat surface mount.

1. Use mounting screws or bolts that fit your mounting requirements. (not included)
2. Make sure mounting holes are sealed if placing in a wet area! (i.e. caulk or equivalent)

IMPORTANT: For best performance, replace with rechargeable AA Ni-Cd or Ni-Mh batteries every 2 years!

Storage Tips (Winter)

Extreme winter weather can reduce the life expectancy of your Solar Dock Lite

1. Cold weather can dramatically reduce the life expectancy of your rechargeable Ni-Cd or Ni-Mh battery.
2. Store your Solar Dock Lite inside during cold months when your dock is not in use
3. If you have glued your Solar Dock Lite base unit to your Brock post you may simply remove the Solar Top (Electronics Portion) and store inside if you don't plan to store you Brock posts inside.

CAUTION: CONTAINS NICKEL-CADMIUM BATTERIES. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.

Owner Registration Card

Please fill out and affix proper postage and return this owner registration card **within 10 days** to insure that your new Solar Dock Lite is covered by the limited warranty.

Lake Lite Inc. 1-Year Limited Warranty

The retailer warrants the Solar Dock Lite to be free from defects in workmanship and material present at time of shipment from the factory for a period of one year after the date of purchase by the original purchaser. We agree to correct such defects without charge or at our option replace with a comparable or superior model if the product is returned to the retailer. To obtain warranty service, you must present a copy of the receipt as proof of purchase. All costs of removing and reinstalling the product are your responsibility. Damage to any part such as by accident or misuse or improper installation or by affixing any accessories, is not covered by this warranty. There is no other express warranty. The retailer hereby disclaims any and all warranties, including but not limited to, those of merchantability and fitness for a particular purpose to the extent permitted by law. The duration of any implied warranty, which cannot be disclaimed, is limited to the time period as specified in the express warranty. Some states do not allow limitation on how long an implied warranty lasts, so the above limitation may not apply to you. The retailer shall not be liable for incidental, consequential, or special damages arising out of or in connection with product use or performance except as may otherwise be accorded by law. Some states do not allow the exclusion of incidental or consequential damage, so the above exclusion or limitation may apply to you. This warranty gives specific legal rights, and you may also have other rights, which vary from state to state. This warranty supersedes all prior warranties.

WARNING! Lake Lite Inc. does not warrant the LED or Solar Dock Lite from defects associated with misplacing the LED in the wrong LED color labeled socket. Any defects of a Red, Orange, or Yellow LED are not warranted if they are placed in the White/Blue/Green Only socket. PLEASE READ INSTRUCTIONS CAREFULLY. IF YOU ARE UNSURE PLEASE REFER TO OUR DETAILED INSTRUCTIONS AT www.lakelite.com.
